

Invitation to join us at ISEC 2025

The International Solvent Extraction Community extends a warm invitation to attend the 24th International Solvent Extraction Conference (ISEC) 2025 in Australia.

The conference will be held in Melbourne between the **29th September and 3rd October 2025**

This conference marks a pivotal gathering of experts, researchers, and industry professionals from around the world to explore the latest advancements and innovations in solvent extraction technologies and applications. Solvent extraction plays a critical role in diverse industries such as mining, chemical processing, environmental remediation, and pharmaceuticals. As we convene in Australia, known for its rich natural resources and innovative research landscape, we are poised to delve into cutting-edge techniques, sustainable practices, and interdisciplinary collaborations that will shape the future of solvent extraction.

ISEC 2025 promises a dynamic program featuring keynote speeches, technical sessions, poster presentations, and networking opportunities. We encourage all participants to engage actively, exchange ideas, and foster partnerships that will drive continued progress in this essential field.

See you in Australia in September 2025
